

Prevaccination Checklist for COVID-19 Vaccines

1. Are you feeling sick today? 2. Have you ever received a dose of COVID-19 vaccine? • If yes, which vaccine product did you receive? Pfizer	Don't Yes No know	r Vaccine recipients: following questions will help us determine if there is reason you should not get the COVID-19 vaccine today. For answer "yes" to any question, it does not necessarily mean you called not be vaccinated. It just means additional questions may be asked. For any question is not clear, please ask your healthcare provider to explain it.	The f any r If you shou
If yes, which vaccine product did you receive? Pfizer		Are you feeling sick today?	1.
3. Have you ever had an allergic reaction to: (This would include a severe allergic reaction [e.g., anaphylaxis] that required treatment with epinephrine or EpiPen® or that caused you to go to the PI twould also include an allergic reaction that occurred within 4 hours that caused hives, swelling, or respiratory distress, including wheezing.) • A component of the COVID-19 vaccine, including polyethylene glycol (PEG), which is found in some medications, such as laxatives and preparations for colonoscopy procedures • Polysorbate • A previous dose of COVID-19 vaccine 4. Have you ever had an allergic reaction to another vaccine (other than COVID-19 vaccine) or an injectable medication? (This would include a severe allergic reaction [e.g., anaphylaxis] that required treatment with epinephrine or EpiPen® or that caused you to go to the hospital. It would also include an allergic reaction that occurred within 4 hours that caused hives, swelling, or respiratory distress, including wheezing.) 5. Have you ever had a severe allergic reaction (e.g., anaphylaxis) to something other than a component of COVID-19 vaccine, polysorbate, or any vaccine or injectable medication? This would include food, pet, environmental, or oral medication allergies. 6. Have you received any vaccine in the last 14 days? 7. Have you ever had a positive test for COVID-19 or has a doctor ever told you that you had COVID-19? 8. Have you received passive antibody therapy (monoclonal antibodies or convalescent serum) as treatment for COVID-19? 9. Do you have a weakened immune system caused by something such as HIV infection or cancer or do you take immunosuppressive drugs or therapies?		Have you ever received a dose of COVID-19 vaccine?	2.
